AI Trust Summit 2026

Your Next 90 Days: The Executive Action Plan

Strategic Themes of the Day

The Gap Between Policy and
Readiness is Where Initiatives Fail

Trust is the Prerequisite,
Not the Afterthought

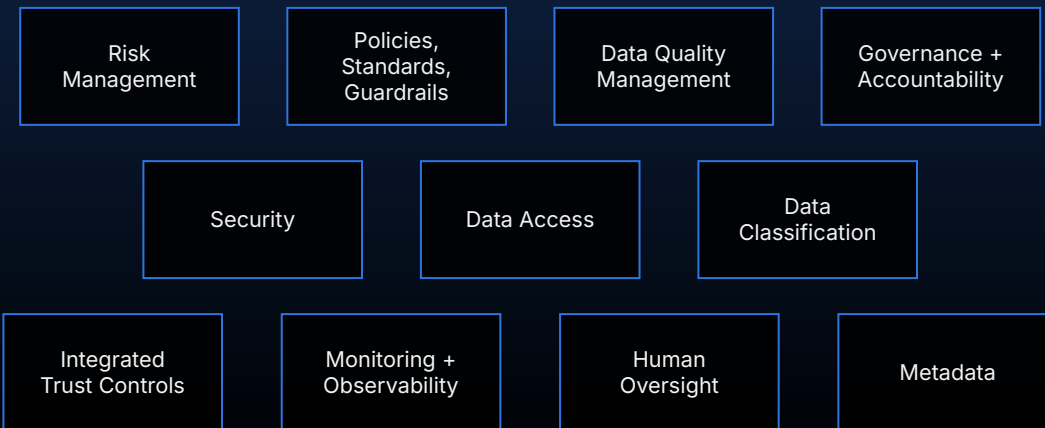

Adoption Will Outpace
Governance if You Let It

The Human-AI Handoff is the
Hardest Design Problem

The Data + AI "Iceberg" - **Below the Waterline**

The Data + AI "Iceberg" - **Below the Waterline**

The 90 Day Framework: Make AI Governable, Believable, and Operational

DAYS 1-30:

Establish Ownership
+ Visibility

Own it, Rule it, See it

DAYS 31-60:

Ground AI in Data
& Proof

Ground it, Trace it, Prove it

DAYS 61-90:

Operationalize
Trust at Scale

Supervise it, Protect it, Sustain it

The 90 Day Outcome: We know what AI we have, how it's governed and how to respond when something goes wrong.
